FOUR BOYS DROWNED.
Went Beyond Their Depth While
Wading.
Topeka, Kan., Aug. 29.—Four boys
were drowned at Oakland, a suburb,
in the Kaw river Wednesday night.
The dead are:
Earl Fleming, Charles Fleming,
Laurie Rankin and Harold Rankin.
The boys were wading and went be-
yond their depth.

CALLS ON ROOSEVELT

Prince Wilhelm of Sweden a
Guest at Sagamore Hill.

ENTERTAINED AT LUNCHEON

President and Prince Talk on Current
Topics and Then Settle Down to a
Discussion of the Training of Naval
Officers.

New York, Aug. 29.—A luncheon
with President Roosevelt, an informal
dinner at the Hotel Astor and a view
of Broadway under its white lights,
were the events of the first day's visit
to New York of Prince Wilhelm of
Sweden. Incidental to almost all of
these events was a hearty greeting
from hundreds of Swedes who gathered
everywhere to welcome to their
adopted country the great grandson of
Marshal Bernadotte, one of Napoleon's
famous generals.

Fresh from a round of entertain-
ments at Newport and several Massa-
chusetts cities, Prince Wilhelm
reached New York by rail early
Wednesday, accompanied by the
Swedish minister to the United States,
Herman Lagerkrantz, and Captain
Klercher, the prince's aide.

At the Hotel Astor the prince was
taken in charge by Huntington Wil-
son, third assistant secretary of state,
who had been detailed by the president
to escort the royal visitor to Oyster
Bay.

A large portion of the population of
Oyster Bay was at the station when
the prince arrived and the little Long
Island village was gay with flags,
prominent among them being the
colors of Sweden. The party was
driven immediately to Sagamore Hill,
where the president was awaiting
them. The luncheon served was an
elaborate one. Besides Prince Wil-
helm, the guests were Captain Lind-
berg of the Swedish cruiser Fylgia,
Secretary of the Treasury Cortelyou,
John B. Jackson, minister to Persia;
Lieutenant R. C. Bulmer, U. S. N.,
commander of president's yacht May-
flower; Mrs. Bulmer, and Major Gen-
eral J. Franklin Bell, chief of the
staff of the United States army. The
luncheon, while elaborate, was en-
tirely informal, and the president and
the prince chatted on current topics
until they settled down to a discussion
of the training of naval officers, a
subject in which both are particularly
interested.

Prince Expresses Delight.

The party left Sagamore Hill in
time to catch a train for New York
shortly before 4 o'clock. The prince
expressed great delight at having had
an opportunity to see the president
and spoke in enthusiastic terms of
him and of the visit.

The party reached the Hotel Astor
shortly after 5 o'clock and Prince
Wilhelm retired immediately to his
room for the purpose of gaining a lit-
tle rest, which the exertions of the
past few days made necessary.

At 7 o'clock Prince Wilhelm gave
an informal dinner in the Orange din-
ing room of the hotel, at which he
entertained the Swedish minister and
Mrs. Lagerkrantz, Huntington Wil-
son and John B. Jackson, minister to
Persia, who will act as the prince's
escort during his visit; Captain Lind-
berg of the Fylgia, Captain Klercher,
A. Ekengren, secretary of the Swedish
legation at Washington, and Acting
Consul Clarholm.

Following the dinner the members
of the party left the hotel in three
large automobiles as the guests of
Mr. and Mrs. John Astergren for a
sightseeing trip around this city.

INVITED TO DULUTH.

Prince Wilhelm Asked to Visit the
Zenith City.

Duluth, Aug. 29.—Prince Wilhelm
of Sweden has been invited to Duluth.
The Svea Glee club decided to ask the
distinguished foreigner to come here
and J. U. Sebenius, chairman of the
invitation committee, has forwarded
the invitation.

The members of the Svea Glee club
believe that Duluth should extend its
hospitality to Sweden's royal son, as
thousands of former subjects of his
father now in the northern part of the
state would welcome an opportunity
to meet him.

The visit of the prince to Duluth
would be a big occasion to the Scan-
dinavians of this part of the country,
and a large number of visitors un-
doubtedly would gather from neigh-
boring cities. The members of the club
think it possible that he will accept
their invitation.

Woman Killed in Auto Accident.

New York, Aug. 29.—Hurled from a
speeding automobile in which she was
riding a trial test around the Morris
Park track, Mrs. Leslie Kelsey, wife
of R. G. Kelsey, a real estate man and
automobile writer, died almost in-
stantly. The machine was driven by
Stewart Elliott. Fifty feet behind her
was her husband in another car.

TWO GIRLS BADLY INJURED

Run down by a Team of Stolen Horses
in Minneapolis.

Minneapolis, Aug. 29.—Horses stolen
from the Northern Candy company
and then turned loose by the thieves,
ran down two girls at the corner of
Hennepin avenue and Seventh street,
seriously injuring Miss Rosebud Salis-
bury of the Albion hotel, Eighth street
and Nicollet, and badly bruising Miss
Mary Hobart.

Dr. Martha G. Ripley, who was near-
by, attended the girls, and Miss Salis-
bury was removed to the Maternity
hospital, where at a late hour she
was still unconscious, but hopes for
her recovery were entertained.

The driverless horses came tearing
up Hennepin avenue just as the two
girls were crossing the street. Several
pedestrians saw the danger and called
to the girls, but it was too late. They
were struck by the horses and thrown
down, the wagon passing over Miss
Salisbury.

Both the girls were picked up and
carried into a pharmacy. Dr. Ripley
happened to be there and she gave
first aid to the injured. It was found
that Miss Hobart was not seriously in-
jured, but her clothes were badly
torn. She was able to go home in a
carriage. Miss Salisbury, however,
was unconscious. She had received a
deep wound in the head and her limbs
and body were badly bruised.

The horses were stopped by Ser-
geant Russell, who was off duty at the
time. He took them to a livery stable
and when he reported the occur-
rence to police headquarters he dis-
covered that the horses had been
stolen from W. H. Balless of the
Northern Candy company earlier in
the evening.

The identity of the thieves is not
known.

ATTACKED BY A MOB.

Manager of Postal Telegraph Office
Compelled to Flee.

Chicago, Aug. 29.—Attacked by a
mob of sympathizers of the striking
telegraph operators, John Laux, man-
ager of the Postal Telegraph office at
Waukegan, Ill., was forced to flee from
his office to escape injury. Laux, who
is the sole support of his mother, re-
fused to quit work when the strike
was called. Tuesday a committee of
strikers from Chicago went to Wau-
kegan and urged Laux to join them,
but he refused. Wednesday the strik-
ers and their friends took an excu-
sion steamer to Waukegan and a score
of them called at the office and be-
came so boisterous because Laux pre-
ferred to remain loyal to his em-
ployers that he became frightened and
fled. The intruders then ransacked
the office, overturning tables and
desks and destroying blanks, books
and other stationery. The rioters
completed their work by nailing a big
sign, "Scab" over the door.

HILL IS PESSIMISTIC.

Says Investors Lack Faith in Govern-
ment's Policy.

New York, Aug. 29.—James J. Hill
came East Wednesday on one of his
frequent and unannounced visits to
this city. He was a passenger from
Chicago on the Twentieth Century
Limited and in the afternoon was
found at his downtown office. While
reluctant to talk, Mr. Hill let it be
known that he was in a pessimistic
mood. The country at large, he
thought, will not recover from the
present financial uncertainty and there
will be no restoration of confidence
on the part of investors, he said, until
greater trust can be placed in the
government's general policy toward
corporations.

"It is not that there is not plenty of
money in the country, nor that there
is not need of investment," said Mr.
Hill. "The investors, however, can-
not be induced to put out their money
at the present time."

CANNON OUT OF RACE.

Speaker Has No Desire for Presiden-
tial Nomination.

New York, Aug. 29.—Congressman
Joseph G. Cannon of Illinois, who is a
guest of Congressman Joseph C. Sibley
of Pennsylvania on a cruise
through the Thousand Islands on Mr.
Sibley's yacht, is quoted by the Alex-
andria Bay correspondent of the Her-
ald as saying in an interview in reply
to questions regarding his possible
candidacy for the presidency:

"Am I a candidate for the Repub-
lican nomination for president? No.
I have not the bee, personally. Would
I accept the nomination? I would
rather contribute to making the next
session of congress a success, so that
my patty will deserve and win success
in 1908 than have the presidency ten-
dered to me on a golden salver."

Man Is Shot by a Woman.

Minor, D. D., Aug. 29.—Because a
man refused to "rush the can" in her
particular blind pig it is alleged that
Alice Douglas, who runs a resort at
Berthold, N. D., shot one of the citi-
zens in the foot. He has lodged a
complaint with the state's attorney
and the matter is now being investi-
gated.

DESIRE A CONFERENCE

Presidents Roosevelt and Diaz
Working for Peace.

TO PACIFY CENTRAL AMERICA

Chief Executives of the United States
and Mexico Anxious That Incessant
Warfare Between Smaller Republics
Be Ended.

Washington, Aug. 29.—President
Roosevelt and President Diaz simulta-
neously have telegraphed notes to
the presidents of the five republics of
Central America offering the good
offices of the United States and Mexi-
co in bringing about a conference of
the republics for a discussion of
peace. This announcement was made
Wednesday by Acting Secretary Adee
of the state department. It was stated
also that the notes would not be made
public until they had been received by
the Central American states and
probably not until replies had been
received. The exact time of sending
the notes was not made known, but it
is possible that replies from some of
the countries already have reached
Washington and it is believed that all
will be here within twenty-four hours.

Mr. Adee late Wednesday received
Minister Goder, charge of the Mexican
embassy, and they conferred at length
concerning Central American disputes
and the ending of the almost inces-
sant warfare between the republics.
Neither would admit that the Central
American republics had been invited
to confer at Washington, but Senor
Corea, the Nicaraguan minister, is au-
thority for the statement that such
an invitation soon will be extended.
In fact, he telegraphed President
Zelaya to that effect.

In diplomatic circles it is said that
none of the Central American repub-
lics can afford to decline the proffers
and that this means that permanent
peace practically is assured.

THREE CHILDREN POISONED

Two Are Dead and the Third Cannot
Recover.

Winona, Minn., Aug. 29.—Three chil-
dren of John Ralschie, Melvin, Clara
and Albert, were mysteriously poi-
soned Wednesday at Ettrick, Wis. Two
are dead and it is said that the third
cannot recover. The children acted
strangely upon returning from a ber-
rying expedition and a physician was
summoned. Melvin, aged eight, died
before the doctor arrived, and Clara,
aged ten, died soon after. Physicians
are unable to account for the strange
poisoning.

TRAGEDY IN A SALOON.

Boilermaker Shot and Killed at Mont-
gomery, Ala.

Montgomery, Ala., Aug. 29.—Thomas
M. Sumerall, a boilermaker, was shot
and killed by Wade Hampton Hunter
in a saloon. Five shots were fired
into Sumerall's body as he sank life-
less to the floor.

Both men had been drinking and
there had been ill-feeling between
them growing out of differences over
union matters.

Hunter is from a well known South
Carolina family. His home is in Sum-
ter, S. C.

ONE KILLED AND SIX HURT

Train Is Wrecked and a Donkey En-
gine Explodes.

Elkins, W. Va., Aug. 29.—Theodore
Miller was killed and six other men
employed by the Jacksonville Coal
company were fatally injured when a
donkey engine exploded near Emmart
station on the Coal and Coke railroad.
The engine with several cars had just
started over a long trestle. When in
the center of the trestle the engine
was derailed and with the car toppled
over, carrying the seven men along.
The next moment the boiler exploded.

TRAIN HITS A CARRIAGE.

Three Persons Meet Death in Ac-
cident at Alliance, O.

Alliance, O., Aug. 29.—Mrs. Byron
Hendricks, her six-year-old grand-
child, Hazel Lowther, and Arthur
Oystar, driver of the carriage, were
killed here when a Pittsburg, Fort
Wayne and Chicago passenger train
crashed into their carriage at a cross-
ing.

Climbs on Dare and Is Killed.

Superior, Wis., Aug. 29.—Henry A.
Curry, a Great Northern switchman,
was electrocuted here Wednesday af-
ternoon, meeting instant death. The
young man had climbed to the top of
a telegraph pole on a dare, and after
reaching the top grasped hold of two
wires, thus making a circuit. He fell
a short distance, striking the network
of wires a little lower down, and when
he was got to the ground he was dead.
Medical assistance was called but the
doctor said that death had been in-
stantaneous.

WORK OF TWO AIRSHIPS.

Proves Highly Satisfactory to German Aeronauts.

Berlin, Aug. 28.—The military dirigible balloon and the Parseval airship spent virtually the whole of Tuesday in the air and the aeronauts are highly satisfied with the actions of the two ships. Both displayed noteworthy maneuvering qualities. The military airship made a number of short voyages, including a trip to Spandau and return and executed complicated flights in every direction over the parade grounds. This airship then descended in order to take up the chief inspector of the transportation of troops who desired personally to test the capacity of the balloon. In the meanwhile the Parseval airship had undertaken a journey which lasted more than two hours, directly against a strong wind. She made excellent progress, the motor worked well and the balloon answered her helm with the greatest facility. Both airships landed at a late hour in the evening precisely at the exact spot whence they had ascended. Sailing together side by side for a short distance before they came to the ground they presented a unique spectacle.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one cure for deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

WILL LESSEN BUSINESS.

increase in Rate Legislation Will Affect Prosperity of Railroads.

Washington, Aug. 29.—The probable adverse effect of state legislation on the prosperity of the railroads and the people of the country was the feature of the testimony Wednesday of Comptroller Plant of the Southern railway in the North Carolina rate case hearing. He pointed out that if a panic should result from the lowering of passenger rates the state of North Carolina would have to share the responsibility.

This phase of the controversy was brought up by a question by Mr. Justice, speaker of the North Carolina legislature, as to whether there was congestion on the Southern railway lines in North Carolina. Mr. Plant replied that congestion had been relieved to some extent during the past six months by means of improvements to the Southern system. Asked if he attributed the congestion to the recent act of the North Carolina legislature reducing passenger rates, Mr. Plant replied, "What as rate legislation increases, congestion will decrease because legislation tends to lessen business."

"I mean to say," added Mr. Plant, "the greater the agitation against the railroads of the country, the greater the probability of a decrease in general trade."

WELLMAN'S EXPEDITION.

Wind Delays Its Start for the North Pole.

Christiania, Aug. 29.—A communication received here by steamer from Hemmerfest reports that Walter Wellman of the Wellman-Chicago Record-Herald Arctic expedition, had planned to start for the Pole Aug. 20, but was prevented by the wind, which stopped trials of the balloon for several days. The communication adds that Mr. Wellman had decided to make no attempt to reach the Pole after September 6.

Smallpox in Vienna.

Vienna, Aug. 29.—Eighty cases of smallpox have been reported in this city during the past ten days and as a result there is considerable and growing apprehension among the population. Free vaccination stations have been opened in all districts of the city and are besieged by large crowds.

SIXTY BILLS PASSED.

British Parliament Ends Long and Arduous Session.

London, Aug. 29.—With picturesque old time ceremonial the British parliament was prorogued during the day, thus ending one of the longest and most arduous sessions, during which the royal assent was given to over sixty bills which the two houses passed.

The members of the house of commons assembled at noon and shortly afterwards they were summoned to the house of lords, where the king's speech was read. The statements made were of the usual colorless character, referring to the recent royal visits and the friendly relations existing between Great Britain and the other powers, the conclusion of the agreement with Spain and the peace conference at The Hague, concluding with a review of the most important bills passed during the session.

M. J. REILLY'S RESI- DENCE BURGLARIZED

Entered While Family was at
the Mayor of Tokio on
Tuesday Evening

ONLY MONEY WAS TAKEN
Gold Watch and Other Valuables
Were Undisturbed by the
Marauders

While the family of M. J. Reilly were at the Mayor of Tokio on Tuesday evening someone entered and ransacked their house. The parties were evidently familiar with the premises and were not after anything but money as a gold watch and other jewelry lying close by was not taken. There was \$15 taken from down stairs while \$50 was taken from a room up stairs, there being a total of \$65 taken. The thieves entered through a screen which was found removed when the theft was discovered. So far there is no definite clue to the identity of the thieves.

NEXT WEEK THE FAIR

Minnesota's Great Show Opens Next
Monday, September 2, at the
State Fair Grounds

Plans have now all been made for the Minnesota State Fair of 1907; there remains but the working out of finishing touches, the rounding up of the late exhibits, the final "slicing up" of the grounds, and then—the opening of the gates, at 9 o'clock next Monday morning, Sept. 2.

In every department the great show is in an advanced state of preparation. In fact it is further advanced than ever before at a date so near the opening day. The superintendents of divisions are upon the grounds looking after their departments, and the active work of installation of exhibits is going rapidly forward.

Secretary C. N. Cosgrove says that prospects for the fair are ahead of 1906, both in size of exhibits and attendance. From every part of the northwest reports are to the effect that the state fair travelers will be more numerous than ever. Mr. Cosgrove has men on every railroad line and they all say that the travel is to be heavy. These reports are corroborated from private sources. The jobbers all expect a heavy attendance and are making preparations for entertaining a large number of their customers.

Miss Emma Edwards Gave Shower
Last Evening in Honor of Miss
Kittie Keene

A very pleasant shower was given by Miss Emma Edwards at the home of her father, Harry Edwards, 611 N. Ninth street, last evening in honor of Miss Kittie Keene, soon to become a bride. The house was handsomely decorated and a party of nearly twenty young ladies spent the evening very pleasantly. Light refreshments being served. A number of very handsome presents were bestowed upon Miss Keene.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts. tts

The route of the parade will be as follows: West on Kindred and Kingwood streets to Fourth street, south to Front street, east to Broadway, south to Laurel, west to Fourth street and then countermarch to the corner of Fifth and Laurel, where the speaking will take place. The speaking will begin 10 o'clock sharp. The speakers will be Thomas Van Lear, of St. Paul, Charles E. Vasily, of Little Falls, and Wm. Barron, Brainerd.

Members of the various labor organizations are requested to turn out with their respective unions. The day will close with a grand ball in the evening. Music will be furnished for the ball by Graham's full orchestra and a splendid time is assured.

AN IMPORTANT CASE

Judge McClenahan Listened to Evidence in Important Case Here
Thursday

Judge McClenahan listened to the evidence in a very important case at the court house yesterday. It was one in which most of the parties reside in the twin cities and involves land in Itasca county. The case is entitled A. H. Powers vs Johnson, et als, there being several intervenors. The case is a very complicated one involving a failure, the collapse of the Flour City bank, of Minneapolis, and other tangles, including the death of the principal defendant and suit against the administrator.

A number of parties to the suit were not present yesterday and the case was continued. By stipulation it will be tried at St. Paul September 4th.

Judge McClenahan states that there are so many adverse and conflicting claims that it is a very complicated case and one impossible to give an intelligible report of in condensed form. The deals out of which the case grew comprise property in Minnesota and Oregon which was sold at \$150,000 but which is now alleged to be worth \$400,000. The case will of course go to the supreme court before it is finally settled.

Davis, Kellogg and Severance, of St. Paul appeared for the plaintiff; Col. Ripley, of Minneapolis and H. B. Fryberger, of Duluth, for the defendant and an intervenor Murphy and C. A. Severance for other intervenors.

A Messenger Boy

Something of the character of the play, A Messenger Boy, may be judged from the following letter of endorsement given to Manager Sweet by Rev. W. Parry-Thomas, Rector of Holy Trinity Church at Luverne, Minn.

"It was my good fortune to witness the excellent play you gave us, 'A Messenger Boy.' You and your supporters deserve all the hearty applause you received. The play is good, clean and moral, and deserves the support of the public."—At the Brainerd opera house Monday, Sept. 2nd.

"The Time, The Place and The Girl"

Among the attractions soon to appear at the Brainerd opera house is, "The Time, The Place and The Girl," whose recent success at the La Salle theatre, Chicago, will be sufficient introduction to the people of Brainerd and on which the Chicago critics have stamped that long-looked for phrase, "A Real Success." The skill of Harry Short as a comedian has never before been portrayed to such great advantage as in the character of "Happy" Johnny Hicks, a square young gambler with a fund of sound philosophy which he expresses in epigrammatic slang.

"The Time, The Place and The Girl" is not a musical comedy, but a music play. The piece could be played without music. Mr. Howard's pretty songs make it doubly attractive. There are a dozen musical numbers in the play, but they are all fitting and descriptive and never in the way of the plot development. Some of the song hits are "Blow the Smoke Away," "The Waning Honeymoon," "Don't You Tell" and "Thursday is My Jonah Day."

A beauty chorus of fifty, under the able direction of Ned Wayburn assists in the rendition of the scores. At the opera house, Wednesday Sept. 4.

At The "Unique"

The program at the Unique this evening and the balance of the week is a strong one. It opens with an illustrated song, "When the Evening Breezes are Sighing Home, Sweet Home," sung by Mr. Joseph Murphy.

"Through the Rocky Mountains" is a scenic picture of great beauty and instructiveness. "The Wrestler's wife is another film which will please all. "Charles Does Some Painting" comes next and is a hit. The song "Dreaming," by Mr. Murphy is another which will please all who hear it. "Drama on the River Spain" is a film which will attract all who see it as will the story, "Help Me Quick, I'm on Fire"

The entire program is a remarkably strong one and will give entire satisfaction to all who see it.

"Bijou"

The program for the last half of the week at the Bijou is probably the best ever shown at that popular place of entertainment. The headliner will be the "Red Spectre." This is the largest colored film ever shown in Brainerd. It is a rapid succession of beautifully colored dissolving views, the red spectre in his magic being constantly balked by a beautiful female who finally conquered him and put him to death. It is really sublimely beautiful and a work of art which all should see.

The "Milkman's Wedding" is a comical story of the wedding of an unwilling milkman. It is well done and comical in the extreme. "The Boaster" is another film which is something new. It depicts the adventures of a man about town with a couple of young fellows who were too familiar with a girl in a cigar stand. From there he goes to a wine room and proceeds to regale different parties with stories of his bravery. At the same time there appears in the upper part of the picture a picture of the event as he tells it. Each time he tells it he whips the two of them worse, though he in fact, had to be helped by the girl in vanquishing them. It is true to life and very amusing.

Another film presents the 1907 Derby race showing the start from the city, the crowds in the grand stand and the events of the race.

TO THE PUBLIC

A long, cold winter is close at hand and a shortage of fuel is predicted by the railroad company. We have been hustling all summer to get in shape to supply the large demand which is sure to be made upon us as soon as the cold weather sets in. We have been able to secure about 2000 cords of wood which, together with what we can still get, will no doubt help out with the wood question.

Regarding the coal problem—We are now in a position to take care of all orders both large and small, that we may be favored with. Our first order for 15 cars has just commenced to arrive and we shall have others coming just as fast as we can unload them. As all our coal is weighed on the city scales by the city weigh-master you need have no fear of getting short weight.

Thanking you one and all for past favors and hoping for a continuance of the same, we remain,

Yours truly,

TO SUPPORT MULAI HAFIG

Subscriptions in Morocco Amount to a Million Dollars.

Paris, Aug. 29.—Dispatches received here from Hafi and Morocco City declare that the subscriptions and the offers of presents in support of Mulai Hafig amount to not less than \$1,000,000. The Jews of Morocco alone have given \$200,000.

The report that Sultan Abdul Aziz has been assassinated has not been verified.

The Petite Republique has been informed by "a member of the government" that Mulai Hafig, who has been proclaimed sultan of Morocco, always has shown himself a friend of France. It is believed that the statement that he is marching on Casa Blanca is due to the fact that he is on his way to the Holy City of Rabat to establish himself there. Casa Blanca happens to be on the road from Morocco City to Rabat.

The informant of the Petite Republique is of the opinion that instead of attacking Casa Blanca Mulai Hafig will use his influence to pacify the tribesmen and he points out that when the European residents left Morocco City, Mulai Hafig made them sign a statement that they never had been molested and that they left the city voluntarily.

The Tangier correspondent of the Petite Republique says that fears are expressed that the imperial troops fighting against Raisuli, as soon as they hear that the troops in Tangier have been paid their arrears, will return and sack the town. Tangiers will be easy prey, as it is protected only by the French cruiser Jeanne D'Arc. It would be impossible for this cruiser to bombard the city, as European houses are in every quarter.

It was officially announced that General Druce, in view of the situation created by the proclamation of Mulai Hafig, has asked for two more battalions. Orders were accordingly sent to Oran, Algeria, for the dispatch of these reinforcements.

Endorsed By the County

"The most popular remedy in Otsego County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by H. P. Dunn & Co.'s Drug Store. Price 50c and \$1.00. Des Moines, Ia., Aug. 29.—While testing a smoke consumer recently installed in the Savoy hotel, two steamfitters, John Price and John Kelly, were scalded by the explosion of a boiler. Kelly is in a precarious condition.

THOUSANDS ARE STARVING

Result of Floods That Have Visited Central Japan.

Tokio, Aug. 29.—Thousands of peasants are starving in consequence of the floods that have visited Central Japan. The price of rice is higher than ever before and the rice famine is widespread.

In Tokio alone 74,744 people rendered homeless by the recent floods are being cared for by public relief. About the same number are being cared for in the prefecture of Saintama. There is no doubt that there are thousands of others homeless elsewhere. The town of Fukuchiyama, near Koto, was submerged. Many persons are missing.

Flood reports continue to be received. A number of railway tunnels have collapsed and many bridges have been damaged. Several days will pass before traffic will be restored to normal conditions. The route of Tokio's food supply is yet obstructed by water and the fish supply is almost completely stopped. The sanitary authorities of the central government are already busy with precautionary measures to prevent the outbreak of epidemics of cholera, dysentery and fever in the inundated districts.

The Limit of Life

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every other organ of the body. Guaranteed by H. P. Dunn & Co., druggists. 50c. tsew

OPINION OF CALEB POWERS

Prisoner Believes Governor Beckham Is Exceeding His Authority.

Georgetown, Ky., Aug. 29.—Caleb Powers, in commenting on the proposition made by Governor Beckham and Commonwealth Attorney Robert Franklin to furnish W. S. Taylor military escort to protect him if he would come here and testify in the Powers case, asks Governor Beckham if Taylor refuses to come to Kentucky, will he agree to let any competent lawyer in the state try his case if appointed special judge. Powers says that in offering Taylor military escort Beckham overrides his authority, as any officer of the law or private citizen in Kentucky could arrest Taylor because he has been indicted for murder.

TABLES RESOLUTION

Bar Association Declines to Censure Roosevelt.

FOR CRITICISING A COURT

Baltimore Man Seeks to Have the President Condemned—Move Met With Instant Disapproval and Was Laid on the Table.

Portland, Me., Aug. 29.—A resolution criticising President Roosevelt for commenting upon the trial of the beef trust case in the Northern district of Illinois a year ago and adversely criticising the presiding judge and his rulings, was introduced by George Whitelock of Baltimore at the final session of the American Bar association.

It met with instant disapproval from all parts of the hall and President Alton B. Parker repeatedly asked Mr. Whitelock to withdraw the resolution, but Mr. Whitelock insisted that it be acted upon. A motion to lay it on the table was carried.

During the attempts to dispose of it Joseph David of Chicago, who failed to secure recognition, shouted:

"Some one has said the American Bar association has no right to criticize the president of the United States. I hold that when the president of the United States violates his trust it is the duty of the American Bar association to criticize him."

The capacity of City hall was severely taxed by those who desired to hear the annual address of James Bryce, British ambassador to the United States.

Ambassador Bryce and party were given an ovation when they took seats on the platform. President Parker, in a few words complimentary to the ability of the distinguished speaker, introduced the ambassador. He was received with cheers by an audience of 2,500.

Discusses the Common Law.

Mr. Bryce's subject was the common law, which he characterized as being the common possession of the United States and England and a bond of sympathy between the two peoples whose value can hardly be overrated. It is the result of event, he said, as well as of the mental and moral qualities of the people. Tracing its origin, he described it as having sprung from strong men and pugnacious men, who respected authority and could at need control their impulses. A bulwark of English freedom, he said, had been the right of every citizen to be tried by his peers, but "we in England have no longer that confidence in the wisdom of a jury in certain classes of civil actions which we once had and the tendency of recent years has been to narrow the sphere of its employment."

At the conclusion of Ambassador Bryce's address a short recess was followed by a business session. The following officers were elected:

President, J. M. Dickinson, Chicago; secretary, John Hinkley, Baltimore; treasurer, F. E. Wadham, New York.

The convention then adjourned. The selection of the place of the next convention is left with the executive committee.

Ambassador Bryce was made an honorary member of the association by the adoption of a resolution presented by Frederick W. Lehmann of St. Louis.

FOUR PERSONS KILLED.

Trolley Car Hits an Automobile at a Crossing.

Rochester, N. Y., Aug. 29.—An automobile run by Dr. George Waldron of Rochester was struck by a Rochester and Eastern trolley car at a crossing near Canandaigua and four persons, Dr. Waldron, Mrs. William Scandling and Mrs. Jane Hobbs of Hopewell and Mrs. Katie Farnsworth of Rochester, were instantly killed.

Dr. Waldron, who was sixty-two years old, was prominent in his profession. He leaves a widow, two sons and a daughter. Mrs. Farnsworth, aged seventy-nine, was a friend whom he had taken on a visit to the other women.

Dr. Waldron's body was picked up nearly 100 feet from the crossing; Mrs. Farnsworth's body was beside the tracks in a ditch and the other two women lay under the wrecked machine. All were instantly killed.

Officer Killed by a Negro.

Thomasville, Ga., Aug. 29.—Eugene Cargell, marshal of Cairo, was shot and killed by Cohen Simms, a negro, near Moccasin Gap, Fla. Simms surrendered. Cargell was at the head of a posse that located Charles Williams, alleged murderer of Sheriff Tyus of Grady county, in the house of Simms, his uncle. As the posse stormed the house, Simms fired, killing Cargell. Sheriff Hight with a posse in automobiles is pursuing Williams.

Rear Admiral Davis Retires.

Washington, Aug. 29.—Rear Admiral Charles H. Davis retired from the navy Wednesday. He entered it in 1861. He was recently sent to Kingston, Jamaica, where he rendered first aid to the city when it suffered from the recent earthquake.

Alabama Negro Lynched.

Columbus, Miss., Aug. 29.—A mob Wednesday night lynched John Lipsey, a negro, who criminally assaulted Mrs. Ed Windham at her home near Pickensville, Ala., a short distance from here.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchitis, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley, of Birmingham, M. D., of Bennett Med. College, Chicago; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

"The Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable. A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

ANNOUNCEMENT

On account of increasing demand and superior quality of the goods, we have bought a full line of E. Burnham's toilet requisites, and can supply people of Brainerd with anything they want in these goods.

E. Burnham of Chicago is noted all over the world for his celebrated toilet articles. His beautifying parlors at 70 and 72 State Street, Chicago, are the largest and best equipped in the world, employing over 300 people.

Mr. E. Burnham employs the most skilled chemists that money can procure at his wholesale establishment, 67 and 69 E. Washington Street, where he personally supervises the manufacture of all his hair goods and toilet articles.

Mr. Burnham uses over a carload of human hair per month in his celebrated switches, wigs, pompadours, curls, etc. His hair goods and toilet articles are acknowledged the best all over the world.

See that E. Burnham's name is on your toilet articles, and you will have the best money can buy.

You are respectfully requested to send for free booklet, "How To Be Beautiful," telling you how to care for your hair and complexion; how to cure dandruff, pimples, blackheads, etc., how to make coarse and porous skin smooth and cure many other diseases of the skin and complexion.

Free sample of E. Burnham's Hair and Scalp Tonic, or Gray Hair Restorer or Cucumber Cream free upon request. Our Booklet, "How To Be Beautiful," mailed free.
